From the most-read humor site on the internet, Cracked.com YOU MIGHT BE A ZOMBIE... You're going to wish you never picked up this book. Some facts are too terrifying to teach in school. Unfortunately, Cracked.com is more than happy to fill you in: * A zombie apocalypse? It could happen. 50% of humans are infected with a parasite that can take over your brain. *

The FDA wouldn't let you eat bugs, right? Actually, you might want to put down those jelly beans. And that apple. And that strawberry yogurt. * Think dolphins are our friends? Then these sex-crazed thrill killers of the sea have you right where they want you. * The most important discovery in the history of genetics? Francis Crick came up with it while on LSD. * Think you're going to choose whether or not to buy this book? Scientists say your brain secretly makes all your decisions 10 seconds before you even know what they are. If you're a fan of The Oatmeal or Frak.com and hate being wrong about stuff, you'll love what you find in YOU MIGHT BE A ZOMBIE from the twisted minds at Cracked.

Antennas and Wave Propagation is written for the first course on the same. The book begins with an introduction that discusses the fundamental concepts, notations, representation and principles that govern the field of antennas. A separate chapter on mathematical preliminaries is discussed followed by chapters on every aspect of antennas from Maxwell's equations to antenna array analysis, antenna array synthesis, antenna measurements and wave propagation.

Still on Romulus in pursuit of his goal of reunifying the Vulcans and Romulans, Spock finds himself in the middle of a massive power struggle. In the wake of the assassination of the Praetor and the Senate, the Romulans have cleaved in two. While Empress Donatra has led her nascent Imperial Romulan State to establish relations with the Federation, Praetor Tal'aura has guided the original Romulan Star Empire toward joining the newly formed Typhon Pact. But numerous factions within the two Romulan nations vie for power and undivided leadership, and Machiavellian plots unfold as forces within and without the empires conduct high-stakes political maneuvers. Meanwhile, four years after Benjamin Sisko returned from the Celestial Temple, circumstances have changed, his hopes for a peaceful life on Bajor with his wife and daughter beginning to slip away. After temporarily rejoining Starfleet for an all-hands-on-deck battle against the Borg, he must consider an offer to have him return for a longer stint. Beset by troubling events, he seeks spiritual guidance, facing demons new and old, including difficult memories from his time in the last Federation-Tzenkethi war.

After the disastrous events in the Bajoran system, Captain Benjamin Sisko must confront the consequences of the recent choices he has made in his life. At the same time, the United Federation of Planets and its Khitomer Accords allies have come to the brink of war with the Typhon Pact. While factions within the Pact unsuccessfully used the recent gestures of goodwill—the opening of borders and a joint Federation-Romulan exploratory mission—to develop quantum-slipstream drive, they have not given up their goals. Employing a broad range of assets, from Romulus to Cardassia, from Ab-Tzenketh to Bajor, they embark on a dangerous new plan to acquire the technology they need to take control of the Alpha and Beta Quadrants. While UFP President Bacco and Romulan Praetor Kamemor work feverishly to reestablish peace, Captains Sisko, Jean-Luc Picard, and Ro Laren stand on the front lines of the conflict . . . even as a new danger threatens the Bajoran wormhole as it once more becomes a flashpoint of galactic history.

Following the publication of Deep Space Nine tenth anniversary books RISING SON, THE LIVES OF DAX and THE LEFT HAND OF DESTINY, PROPHECY AND CHANGE is an anthology of original stories celebrating the television series. Authors include Andrew J. Robinson, who played the mysterious Garak throughout Star Trek: Deep Space Nine, and whose novel A STITCH IN TIME was the bestselling Star Trek fiction of 2000. Star Trek: Deep Space Nine is justly acclaimed for its storylines, its characters -- including the large and varied cast of supporting characters, many of whom became favourites with Deep Space Nine fans -- and for the fact it was never afraid to examine some of the darker corners of the Star Trek universe. The stories collected here pay tribute to all those distinctive elements that made Deep Space Nine unique.

A behind-the-scenes chronicle of the three spinoff Star Trek series includes commentary by the actors, writers, producers, and directors; presents an inside scoop on the forthcoming movie; and includes a show-by-show guide. Original.

Bored with her clerical job, Kanako Oba (aka Edie Otgurl), a thirty-year-old divorcee responds to an online ad: "Driver. Pay 300,000 yen. Entails some risk." Hired by a couple to be the driver of the getaway car in a cash heist, she soon finds herself entangled in a nightmarish world, gets nabbed by a gang of men and is about to be buried alive in a hole she herself has dug, when an unidentified benefactor pays for her deliverance. She is taken to a diner named Canteen, a members-only eatery for hit men. Bombero, the proprietor, is a former hit man turned master chef; Kanako is to work as his waitress under the condition that if she disobeys him she will be killed on the spot. Famous for its signature hamburgers in particular and its delectable gourmet menu in general, the shop is patronized by a parade of idiosyncratic assassins, among them Kid, who dresses up as a child and specializes in killing children; and Skin, whose face is crisscrossed by the tracks of his many wounds, said to have cumulatively required more than a thousand stitches. Bombero and his Canteen are under the protection of the Mafia, but then a suspicion arises that there may be a traitor or undercover agent in their midst in connection with a former mob boss's death. Can Kanako survive the deadly clientele and brewing mob civil war in order to earn her freedom and find her true vocation? Tarantino meets King in this made-for-the-big-screen suspense by Japan's premier horror/crime writer.

What is extremis, who has unleashed it, and what does its emergence portend for the world?"--P. [4] of cover.

A lonely man in Los Angeles is told a unique tale - a passion play that sheds light on events before the creation of the world. Constructing the universe is a vast task, and in heaven God has allocated roles to all his angels. But when a murder takes place, an archangel is assigned to investigate.

"'Macgyver' created by Lee David Zlotoff."--T.p. verso.
