Where can I download Excel Developer's Kit to create XLL for Excel 2003 I have looked at various articles on MSDN and other sites that discuss development of UDF for MS Excel. As I wish to port my online financial calculators to be used as UDF in Excel, I am unable to find the right information that I need.

Where can I download Excel Developer's Kit to create XLL ...

The following is a list of Microsoft Office filename extensions, used in Microsoft Office software suite as of January 2017.. Word Legacy Legacy filename extensions denote binary Microsoft Word formatting that became outdated with the release of Microsoft Office 2007. Although the latest version of Microsoft Word can still open them, they are no longer developed.
