This is part of a six-level English course (foundation-level to level five) for pupils between five and 12-years-old. The course employs a twin-track structure that enables teachers to underpin students' language development with a rigorous skills programme. There are two pupil's books at each level: a skills book, covering comprehension (with emphasis on literal), grammar, punctuation, vocabulary and spelling; and a development book, covering comprehension (with emphasis on inferential), the craft of quality writing, forms of writing, styles of writing and composition skills. Each level also has a teacher's resource book which supports both tracks, includes photocopiable activity sheets and correlations for all UK curricula, suggests strategies for developing listening and speaking skills, and helps support record-keeping and assessment.

She hates her breakfast egg, she won't share, she has a hurting foot, her supper is too hot, and her bath is too cold. And then it's no, no, no to bedtime. But at last a yawn, a story, and a kiss from mother end the day, with the promise of a cheerful tomorrow. Every parent, teacher, and caregiver will respond to this hilariously accurate portrait of one toddler with a case of the Terrible Twos!

This book describes the different types of writing that are used as tools of communication in the adult world, and compares the writing tasks that teachers set for their pupils and the ways in which they measure success. By analyzing the different skills required within the school context and the outside world, Martin suggests how the education process could become more appropriate to the needs of the individual.
