She lived her publishing dream-come-true night with a launch party at Rizzoli's on 57th Street that The New Yorker wrote about the next day.

Flow: The Cultural Story of Menstruation by Elissa Stein

Elissa Stein and Susan Kim -- with seemingly eerie foresight -- recently published Flow: The Cultural Story of Menstruation, a book that approaches its taboo topic with plenty of irreverent humor and refreshing bluntness. Most importantly, however, the book actually does what the Kotex ads only pretended to -- it debunks myths, urges us to stop listening to such harmful stereotypes, and asks us to consider the realities of our own bodies.

Flow: The Cultural Story of Menstruation | HuffPost

FLOW, the cultural story of menstruation. FLOW highlights. Absolute. Must. Read. It ' s like Snopes for your snatch.—ticket to write (blog) With wit, sarcasm, and common sense . . . the authors use a pop culture lens to posit a modern, feminist, female perspective on menstruation.—Library Journal. Its contents, I found, are plainspoken—perhaps it will start chipping away at the taboo. . . . the style is important.

Global cultural flow, a theory coined by Arjun Appadurai, demonstrated the definition and effects of cultural flows in 5 distinct scapes: ethnoscapas, technoscapas, financescapas, mediascapas and ideoscapas. Global cultural flow is a result of the process of globalization. Ethnoscapas refer to the shifting landscape of people across culture and borders such as tourists, immigrants, refugees, exiles, guest workers.

Flow The Cultural Story Of Menstruation Elissa Stein

In *Flow: The Cultural Story of Menstruation*, authors Elissa Stein and Susan Kim bring period talk out from behind closed bathroom doors to reveal this secret history, including the links between feminism and attitudes about monthly flow. Stein and Kim cover every side of menstruating: the hilarious ads that skirt the issue of blood, new birth ...

Flow: The Cultural Story Of Menstruation

Flow: The Cultural Story of Menstruation and a great selection of related books, art and collectibles available now at AbeBooks.com.

In this hip, hilarious and truly eye-opening cultural history, menstruation is talked about as never before. *Flow* spans its fascinating, occasionally wacky and sometimes downright scary story: from mikvahs (ritual cleansing baths) to menopause, hysteria to hysterectomies—not to mention the Pill, cramps, the history of underwear, and the movie about puberty they showed you in 5th grade. *Flow* answers such questions as: What's the point of getting a period? What did women do before pads and tampons? What about new drugs that promise to end periods—a hot idea or not? Sex during your period: gross or a turn-on? And what's normal, anyway? With color reproductions of (campy) historical ads and early (excruciating) femcare devices, it also provides a fascinating (and mind-boggling) gallery of this complex, personal and uniquely female process. As irreverent as it is informative, *Flow* gives an everyday occurrence its true props — and eradicates the stigma placed on it for centuries.

"In its hard headed, richly documented concreteness, it is worth a thousand polemics." -- New York Times, from a review of the first edition "The Curse deserves a place in every women's studies library collection." -- Sharon Golub, editor of *Lifting the curse of Menstruation* "A stimulating and useful book, both for the scholarly and the general reader." -- Paula A. Treichler, co-author of *A Feminist Dictionary*

You've gotten used to managing a diverse workforce. You deal with vendors across the globe. You see people as people, whether they're Chinese, Indian, Mexican, or American. You know the basic protocols to follow and the taboos to avoid. Still, when you arrive in another country or sit down to negotiate with someone from a different culture, you feel anxious and awkward, and often wind up saying or doing something wrong. You're not alone. Seventy percent of international ventures fail because of cultural differences. Do you need to speak multiple languages and have a Ph.D. in international relations to succeed in these global times? The reassuring reality is that you don't need to master all the norms and nuances of the myriad of cultures you encounter. What you need is CQ. That's short for Cultural Intelligence, a new set of skills and sensitivities that picks up where EQ leaves off. Leading with Cultural Intelligence is a ground-breaking guide to developing the repertoire and perspective to lead across a wide range of cultures--effectively, respectfully, and confidently. A global leadership consultant, David

Livermore presents a proven model for success in any unfamiliar cultural context. It's easy to grasp and follow, yet radically different from simplistic approaches that focus on mimicking other cultures' gestures and phrases. Rooted in rigorous research spanning 25 countries, the CQ way of relating to and inspiring people from different national, ethnic, and organizational cultures is an ongoing cycle. You'll learn how to lead cross-culturally--and continually grow in proficiency and comfort--by applying a process with four key components: Drive. What's your motivation for this cross-cultural assignment? How can you increase your confidence level? Knowledge. What specific cultural systems, issues, and values do you need to understand? Strategy. What information do you need to map out a successful cross-cultural plan? What assumptions do you need to check? Action. What communication style and behaviors should you adapt for this intercultural interaction? At every step, you'll find helpful summaries and best practices. You'll also gain valuable insights into common situations, from eating unfamiliar local delicacies to apologizing, through the stories of frequent cross-cultural travelers. With *Leading with Cultural Intelligence* as your trusted compass, you'll be able to thrive in the global business climate and handle multi-cultural hurdles in your own backyard. By raising your CQ, you'll also contribute to the greater good of equal humanity for all. David Livermore, Ph.D., is Executive Director of the Global Learning Center in Grand Rapids, Michigan. In addition, he is a Senior Research Consultant with the Cultural Intelligence Center in East Lansing, Michigan, and a Visiting Research Fellow at Nanyang Technological University in Singapore. He has done consulting and training with leaders in 75 countries across the Americas, Africa, Asia, Australia, and Europe. Visit www.davidlivermore.com

Each little cookbook in our SAVOR THE SOUTH® collection is a big celebration of a beloved food or tradition of the American South. From buttermilk to bourbon, pecans to peaches, one by one SAVOR THE SOUTH® cookbooks will stock a kitchen shelf with the flavors and culinary wisdom of this popular American regional cuisine. Written by well-known cooks and food lovers, the books brim with personality, the informative and often surprising culinary and natural history of southern foodways, and a treasure of some fifty recipes each—from delicious southern classics to sparkling international renditions that open up worlds of taste for cooks everywhere. You'll want to collect them all. This Omnibus E-Book brings together for the first time the first 10 books published in the series. You'll find: *Buttermilk* by Debbie Moose *Pecans* by Kathleen Purvis *Peaches* by Kelly Alexander *Tomatoes* by Miriam Rubin *Biscuits* by Belinda Ellis *Bourbon* by Kathleen Purvis *Okra* by Virginia Willis *Pickles and Preserves* by Andrea Weigl *Sweet Potatoes* by April McGreger *Southern Holidays* by Debbie Moose Included are almost 500 recipes for these uniquely Southern ingredients.

THE BESTSELLING CLASSIC ON 'FLOW' – THE KEY TO UNLOCKING MEANING, CREATIVITY, PEAK PERFORMANCE, AND TRUE HAPPINESS Legendary psychologist Mihaly Csikszentmihalyi's famous investigations of "optimal experience" have revealed that what makes an experience genuinely satisfying is a state of consciousness called flow. During flow, people typically experience deep enjoyment, creativity, and a total involvement with life. In this new edition of his groundbreaking classic work, Csikszentmihalyi ("the leading researcher into 'flow states' " —*Newsweek*) demonstrates the ways this positive state can be controlled, not just left to chance. *Flow: The Psychology of Optimal Experience* teaches how, by ordering the information that enters our consciousness, we can discover true happiness, unlock our potential, and greatly improve the quality of our lives. "Explores a happy state of mind called flow, the feeling of complete engagement in a creative or playful activity." —*Time*

Anthropology is the study of all humans in all times in all places. But it is so much more than that. "Anthropology requires strength, valor, and courage," Nancy Scheper-Hughes noted. "Pierre Bourdieu called anthropology a combat sport, an extreme sport as well as a tough and rigorous discipline. ... It teaches students not to be afraid of getting one's hands dirty, to get down in the dirt, and to commit yourself, body and mind. Susan Sontag called anthropology a "heroic" profession." What is the payoff

for this heroic journey? You will find ideas that can carry you across rivers of doubt and over mountains of fear to find the the light and life of places forgotten. Real anthropology cannot be contained in a book. You have to go out and feel the world's jagged edges, wipe its dust from your brow, and at times, leave your blood in its soil. In this unique book, Dr. Michael Wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human. This special first draft edition is a loose framework for more and more complete future chapters and writings. It serves as a companion to anth101.com, a free and open resource for instructors of cultural anthropology. This 2018 text is a revision of the "first draft edition" from 2017 and includes 7 new chapters.

The importance of science and technology and future of education and research are just some of the subjects discussed here.

Ugly as sin, the ugly duckling—or maybe you fell out of the ugly tree? Let ' s face it, we ' ve all used the word “ ugly ” to describe someone we ' ve seen—hopefully just in our private thoughts—but have we ever considered how slippery the term can be, indicating anything from the slightly unsightly to the downright revolting? What really lurks behind this most favored insult? In this actually beautiful book, Gretchen E. Henderson casts an unfazed gaze at ugliness, tracing its long-standing grasp on our cultural imagination and highlighting all the peculiar ways it has attracted us to its repulsion. Henderson explores the ways we have perceived ugliness throughout history, from ancient Roman feasts to medieval grotesque gargoyles, from Mary Shelley ' s Frankenstein to the Nazi Exhibition of Degenerate Art. Covering literature, art, music, and even the cutest possible incarnation of the term—Uglydolls—she reveals how ugliness has long posed a challenge to aesthetics and taste. She moves beyond the traditional philosophic argument that simply places ugliness in opposition to beauty in order to dismantle just what we mean when we say “ ugly. ” Following ugly things wherever they have trod, she traverses continents and centuries to delineate the changing map of ugliness and the profound effects it has had on the public imagination, littering her path with one fascinating tidbit after another. Lovingly illustrated with the foulest images from art, history, and culture, Ugliness offers an oddly refreshing perspective, going past the surface to ask what “ ugly ” truly is, even as its meaning continues to shift.

The special anniversary edition of The Little Engine That Could™ contains the entire text and original artwork. Young readers, as well as parents and grandparents, will treasure the story of the blue locomotive who exemplifies the power of positive thinking.

'Kimmerer blends, with deep attentiveness and musicality, science and personal insights to tell the overlooked story of the planet's oldest plants' Guardian 'Bewitching ... a masterwork ... a glittering read in its entirety' Maria Popova, Brainpickings Living at the limits of our ordinary perception, mosses are a common but largely unnoticed element of the natural world. Gathering Moss is a beautifully written mix of science and personal reflection that invites readers to explore and learn from the elegantly simple lives of mosses. In these interwoven essays, Robin Wall Kimmerer leads general readers and scientists alike to an understanding of how mosses live and how their lives are intertwined with the lives of countless other beings. Kimmerer explains the biology of mosses clearly and artfully, while at the same time reflecting on what these fascinating organisms have to teach us. Drawing on her experiences as a scientist, a mother, and a Native American, Kimmerer explains the stories of mosses in scientific terms as well as within the framework of indigenous ways of knowing. In her book, the natural history and cultural relationships of mosses become a powerful metaphor for ways of living in the world.
