Biology Online Module Handbooks NB: At present this resource is 'in development'. The Biology Online Module Handbooks project aims to bring together information from the University of St Andrews Module Catalogue, MMS, and the School of Biology's own database in a standardised format.

Biology Online Module Handbooks | Biology Current Student

“ A veritable tour de force, the thirty-seven chapters of a Handbook of Biology and Society delineate an epistemic space for our times among the life sciences and the social sciences. Biological matter is fully social in both form and content and, reciprocally, sociality is enabled and modulated through and through by biology in its many configurations.
