today have little sense of how their lives have benefited from Christianity's influence, often viewing the church with hostility or resentment. *How Christianity Changed the World* is a topically arranged Christian history for Christians and non-Christians. Grounded in solid research and written in a popular style, this book is both a helpful apologetic tool in talking with unbelievers and a source of evidence for why Christianity deserves credit for many of the humane, social, scientific, and cultural advances in the Western world in the last two thousand years. Photographs, timelines, and charts enhance each chapter. This edition features questions for reflection and discussion for each chapter.

"Setting Christianity in the context of history and culture, *How Christianity Changed the World* reveals the full, radical nature of the Christian faith as a shaping force." -- From the jacket.

Understand where we came from. Whether you're an avid student of the Bible or a skeptic of its relevance, *The Book That Made Your World* will transform your perception of its influence on virtually every facet of Western civilization. Indian philosopher Vishal Mangalwadi reveals the personal motivation that fueled his own study of the

Bible and systematically illustrates how its precepts became the framework for societal structure throughout the last millennium. From politics and science, to academia and technology, the Bible's sacred copy became the key that unlocked the Western mind. Through Mangalwadi's wide-ranging and fascinating investigation, you'll discover: What triggered the West's passion for scientific, medical, and technological advancement How the biblical notion of human dignity informs the West's social structure and how it intersects with other worldviews How the Bible created a fertile ground for women to find social and economic empowerment How the Bible has uniquely equipped the West to cultivate compassion, human rights, prosperity, and strong families The role of the Bible in the transformation of education How the modern literary notion of a hero has been shaped by the Bible's archetypal protagonist Journey with Mangalwadi as he examines the origins of a civilization's greatness and the misguided beliefs that threaten to unravel its progress. Learn how the Bible transformed the social, political, and religious institutions that have sustained Western culture for the past millennium, and discover how secular corruption endangers the stability and longevity of Western civilization. Endorsements: "This is an extremely significant piece of work with huge global implications. Vishal brings a timely message." (Ravi Zacharias,

author, *Walking from East to West and Beyond Opinion*) “In polite society, the mere mention of the Bible often introduces a certain measure of anxiety. A serious discussion on the Bible can bring outright contempt. Therefore, it is most refreshing to encounter this engaging and informed assessment of the Bible’s profound impact on the modern world. Where Bloom laments the closing of the American mind, Mangalwadi brings a refreshing optimism.” (Stanley Mattson, founder and president, C. S. Lewis Foundation) “Vishal Mangalwadi recounts history in very broad strokes, always using his cross-cultural perspectives for highlighting the many benefits of biblical principles in shaping civilization.” (George Marsden, professor, University of Notre Dame; author, *Fundamentalism and American Culture*)

Many people today would say that Christianity has done more harm than good to our world. Sharon James argues, however, in seeking to love their neighbour and reflect God's moral character the followers of Jesus have had a largely positive impact on our society. James takes a number of areas - education, healthcare, justice, human dignity - and traces the ways in which these benefits have spread with the gospel. Chapter Headings: Freedom Religious Liberty Justice Protecting Life The Dignity of Women Philanthropy Healthcare

Education for All The Creation Mandate and the Value of Work History:  
The Triumph of Christ

A "marvelous" (Economist) account of how the Christian Revolution forged the Western imagination. Crucifixion, the Romans believed, was the worst fate imaginable, a punishment reserved for slaves. How astonishing it was, then, that people should have come to believe that one particular victim of crucifixion-an obscure provincial by the name of Jesus-was to be worshipped as a god. Dominion explores the implications of this shocking conviction as they have reverberated throughout history. Today, the West remains utterly saturated by Christian assumptions. As Tom Holland demonstrates, our morals and ethics are not universal but are instead the fruits of a very distinctive civilization. Concepts such as secularism, liberalism, science, and homosexuality are deeply rooted in a Christian seedbed. From Babylon to the Beatles, Saint Michael to #MeToo, Dominion tells the story of how Christianity transformed the modern world.

A Stirring Account of Christianity's Power for Good In a day when Christians are often attacked for their beliefs, professor and speaker Jeremiah Johnston offers an inspiring look at the positive

## Online Library How Christianity Changed The World Alvin J Schmidt

influence of Christianity, both historically and today. In Unimaginable, you'll discover the far-reaching ways that Christianity is good for the world--and has been since the first century AD--including:

- How the plights of women and children in society were forever changed by Jesus
- Why democracy and our education and legal systems owe much to Christianity
- How early believers demonstrated the inherent value of human life by caring for the sick, handicapped, and dying
- How Christians today are extending God's kingdom through charities, social justice efforts, and other profound ways

Like *It's a Wonderful Life*, the classic film that showed George Bailey how different Bedford Falls would be without his presence, *Unimaginable* guides readers through the halls of history to see how Jesus' teachings dramatically changed the world and continue to be the most powerful force for good today. This provocative and enlightening book is sure to encourage believers and challenge doubters.

“[A] panoramic view of early Christianity as it developed against the backdrop of the Roman Empire of the fourth century” (Publishers Weekly). The story of Jesus is well known, as is the story of Christian persecutions during the Roman Empire. The history of fervent debate, civil strife, and bloody riots within the Christian

## Online Library How Christianity Changed The World Alvin J Schmidt

community as it was coming into being, however, is a side of ancient history rarely described. Richard E. Rubenstein takes the reader to the streets of the Roman Empire during the fourth century, when a fateful debate over the divinity of Jesus Christ is being fought. Ruled by a Christian emperor, followers of Jesus no longer fear for the survival of their monotheistic faith. But soon, they break into two camps regarding the direction of their worship: Is Jesus the son of God and therefore not the same as God? Or is Jesus precisely God on earth and therefore equal to Him? The vicious debate is led by two charismatic priests. Arius, an Alexandrian priest and poet, preaches that Jesus, though holy, is less than God. Athanasius, a brilliant and violent bishop, sees any diminution of Jesus's godhead as the work of the devil. Between them stands Alexander, the powerful Bishop of Alexandria, who must find a resolution that will keep the empire united and the Christian faith alive. With thorough historical, religious, and social research, Rubenstein vividly recreates one of the most critical moments in the history of religion. "A splendidly dramatic story . . . Rubenstein has turned one of the great fights of history into an engrossing story." –Jack Miles, *The Boston Globe*; author of *God: A Biography*

The Fifth-Century Political Battles That Forever Changed the Church

## Online Library How Christianity Changed The World Alvin J Schmidt

In this fascinating account of the surprisingly violent fifth-century church, Philip Jenkins describes how political maneuvers by a handful of powerful characters shaped Christian doctrine. Were it not for these battles, today's church could be teaching something very different about the nature of Jesus, and the papacy as we know it would never have come into existence. *Jesus Wars* reveals the profound implications of what amounts to an accident of history: that one faction of Roman emperors and militia-wielding bishops defeated another.

Combining history, politics, and religion, Mike Aquilina and Jim Papandrea provide practical lessons to be learned from the struggles of the Early Church, lessons that can be applied to the day-to-day lives of Christian readers. Prolonged, multiple wars in the Middle East. Waves of immigrants crossing the borders. Ongoing economic recession. Increasing political polarization, often with religious overtones. Conflicts over ideologies that pit the progressive against the traditional. Sound familiar? These conditions not only describe the United States, but the situation of the Roman Empire in the third century. That situation led to religious persecution and the eventual collapse of the empire. In the middle of the third century, the Roman Empire was roughly the same age as the United States is now. In this

## Online Library How Christianity Changed The World Alvin J Schmidt

book, authors Mike Aquilina and Jim Papandrea examine the practices of the Early Church—a body of Christians living in Rome—and show how the lessons learned from these ancient Christians can apply to Christians living in the United States today. The book moves from the Christian individual, to the family, the church and the world, explaining how the situation of the Early Church is not only familiar to modern Christian readers, but that its values are still relevant

The “marvelous” (Reza Aslan, bestselling author of *Zealot*), New York Times bestselling story of how Christianity became the dominant religion in the West. How did a religion whose first believers were twenty or so illiterate day laborers in a remote part of the empire become the official religion of Rome, converting some thirty million people in just four centuries? In *The Triumph of Christianity*, early Christian historian Bart D. Ehrman weaves the rigorously-researched answer to this question “into a vivid, nuanced, and enormously readable narrative” (Elaine Pagels, National Book Award-winning author of *The Gnostic Gospels*), showing how a handful of charismatic characters used a brilliant social strategy and an irresistible message to win over hearts and minds one at a time. This “humane, thoughtful and intelligent” book (*The New York Times Book Review*) upends the way we think about the single most important cultural
