Inducements under the IDD (compared to MiFID) By Filip Oller in Regulatory/Compliance, 18.01.2018. The Insurance Distribution Directive (IDD) is to insurance what MiFID is to investments. It repeals the directive on insurance mediation and regulates specific insurance-based investments, including inducements. It must be transposed into national legislation by 23 February 2018, although the application of the transposition measures adopted by Member States has been postponed to 1 October 2018.

MiFID I/II: The Markets and Financial Directives In a ...

The Insurance Distribution Directive is EU legislation which sets regulatory requirements for firms designing and selling insurance products. The Insurance Distribution Directive (IDD) replaces the Insurance Mediation Directive (IMD). It aims to enhance consumer protection when buying insurance – including general insurance, life insurance and insurance-based investment products (IBIPs) – and to support competition between insurance distributors by creating a level playing field.
