Description of Africa (Ramusio book) - Wikipedia

In the following excerpts, Leo describes several states he visited in the western part of the Sudan, the extensive grass-covered plain that stretches across Africa south of the Sahara. When Leo visited the region in the early 1500's, the strongest state was the Songhai Empire, in which the two most important cities were Gao, the capital, and Timbuktu, which was ruled by a governor in the name of the emperor.

Originally published in 1980 and here re-issued with an updated preface, this book deals with the role of the horse in the societies of West Africa during the pre-colonial period. It traces the history of its introduction and its diffusion within West Africa, and examines the problems of maintaining horses in such a harsh environment. The use of horses in warfare is analysed but the non-military aspects of the West African horse culture are also discussed, principally the use

of horses as tokens of status and wealth. The book includes a review of the decline of the West African horse culture in the 20th century, reflecting the passing of a political system based on warfare and slavery.

"These and other issues are explored in Fisher's investigation into how Africans' enslavement by Berbers, Arabs, and other Africans became institutionalized and legitimized throughout Muslim Africa. Attending to the religious, social, and economic contexts of the rise and establishment of slavery within this region, the author illuminates the complex dynamics shaping slavery from the tenth to the nineteenth century. He explains that while free Muslims
