~~Operations Management—  
Business~~

The Fifth Edition of Operations and Supply Chain Management: The Core, focuses on the important core concepts in the dynamic field of operations. Just as lava flows from the core of the earth, operations and supply chain management is the core of business. Material must flow through supply chain processes to create cash output and input.

~~Operations and Supply Chain  
Management: The Core~~  
Introduction to Operations and Supply Chain Management is an integrated,

# Online Library Operations Management 5th Edition By

**Reid** comprehensive introduction to both operations and supply chain management (SCM). The text remains engaging and brief while integrating all of the major concepts of both subjects in one cohesive source. The 5th Edition contains updated content and thorough coverage of analytical tools and techniques that students will apply to their careers in operations and SCM.
