What are High Frequency Words? High frequency words are quite simply those words which occur most frequently in written material, for example, "and", "the", "as" and "it". They are often words that have little meaning on their own, but they do contribute a great deal to the meaning of a sentence. Some of the high frequency words can be sounded out using basic phonic rules, e.g. "it" is an easy word to read using phonics. However, many of the high frequency words are not phonically regular ...
