Category:Sieges of the English Civil Wars - Wikipedia

Sieges determined the course of the English Civil Wars, yet they receive scant attention. In contrast, the major set-piece battles are repeatedly analyzed and reassessed. As a result our understanding of the conflict, and of its outcome, is incomplete. John Barratt, in this lucid and perceptive account, makes the siege the focal point of his study.

Throughout recorded history Yorkshire has been a setting for warfare of all kinds - marches, skirmishes and raids, pitched battles and sieges. And it is the sieges of the Civil War period - which often receive less attention than other forms of combat - t

Yorkshire Sieges of the Civil Wars

The Siege of Colchester occurred in the summer of 1648 when the English Civil War reignited in several areas of Britain. Colchester found itself in the thick of the unrest when a Royalist army on its way through East Anglia to raise support for the King, was attacked by Lord-General Thomas Fairfax at the head of a Parliamentary force. The Parliamentarians' initial attack forced the Royalist ...

Siege of Colchester - Wikipedia

The sieges of Taunton were a series of three blockades during the First English Civil War. The town of Taunton, in Somerset, was considered to be of strategic importance because it controlled the main road from Bristol to Devon and Cornwall. Robert Blake commanded the town's Parliamentary defences during all three sieges, from September 1644 to July 1645. The first siege was laid by Edmund Wyndham on 23 September, and was primarily composed of Royalist troops from local Somerset garrisons. Alt

The second and longest Siege of Worcester(21 May – 23 July 1646) took place towards the end of the First English Civil War, when Parliamentary forces under the command of Thomas Rainsborough besieged the city of Worcester, accepting the capitulation of the Royalist defenders on 22 July. The next day the Royalists formally surrendered possession of the city and the Parliamentarians entered Worcester 63 days after the siege began.

Siege of Worcester - Wikipedia

The Siege of Lyme Regis was an eight-week blockade during the First English Civil War. The port of Lyme Regis, in Dorset, was considered to be of strategic importance because of its position along the main shipping route between Bristol and the English Channel. Thomas Ceeley and Robert Blake commanded the town's Parliamentary defences during the siege, which was laid by Prince Maurice between 20 April and 16 June 1644. At the start of the war, the people of Lyme Regis were predominantly Purita

Siege of Basing House - British Battles

While not an exhaustive exploration of all the significant sieges of the English Civil War, Barratt's book has considerable value. The author discusses the elements that characterized sieges generally (the cause or context of the siege, the activities of the besiegers and besieged, the role of and effects on civilians).
