The ANSI/NETA Standard for Acceptance Testing Specifications for Electrical Power Equipment and Systems assists designers, specifiers, architects, and users of electrical equipment and systems in specifying required tests on newly-installed power systems and apparatus, before energizing, to ensure that the installation and equipment comply with specifications and intended use as well as with regulatory and safety requirements.

ANSI/NETA ATS-2017 - Standard for Acceptance Testing ...  
ANSI/NETA Standard for Acceptance Testing Specifications for Electrical Power Equipment and Systems, 2017 edition, (ANSI/NETA ATS-2017) is protected under the copyright laws of the United States, and all rights are reserved. Further, the ANSI/NETA ATS-2017 may not

STANDARD FOR ACCEPTANCE - ANSI Webstore  
Standard for Electrical Commissioning Specifications of Electrical Power Equipment and Systems. These specifications describe the systematic process of documenting, and placing into service newly -- installed, or retrofitted electrical power equipment and systems. This document shall be used in conjunction with the most recent edition of the ANSI/NETA Standard for Acceptance Testing Specifications for Electrical Power Equipment and Systems (ANSI/NETA ATS).

ANSI/NETA ECS-2020 - Standard for Electrical Commissioning ...  
ANSI/NETA ATS-2009 Standard for Acceptance Testing Specifications for Electrical Power Equipment and Systems. These specifications cover the suggested field tests and inspections that are available to assess the suitability for initial energization of electrical power equipment and systems.

ANSI/NETA ATS-2009 - Standard for Acceptance Testing ...  
ANSI/NETA ATS-2013 Standard for Acceptance Testing Specifications for Electrical Power Equipment and Systems. It is the purpose of these specifications to assure that tested electrical equipment and systems are operational, are within applicable standards and manufacturer's tolerances, and are installed in accordance with design specifications.

ANSI/NETA ATS-2013 - Standard for Acceptance Testing ...  
Similarly, ANSI/NETA ATS-2017: Standard for Acceptance Testing Specifications for Electrical Power Equipment and Systems covers suggested field tests and inspections to assess the suitability for initial energization and final acceptance of electrical power equipment and systems. Since the acceptance testing of different electrical power systems can widely vary, many criteria are used in establishing the exact equipment for testing, and the document outlines its structure to better assist ...

ANSI/NETA ATS-2017: Standard for Acceptance Testing ...  
PDF copies of the standards contain errata sheets directly following the title pages with bookmarks to the affected sections of the standard. Hard copies are issued with a printed errata sheet inserted directly behind the cover of the document. ANSI/NETA ATS-2017\_1.23.19. ANSI/NETA ATS-2017\_5.21.17
