In The Aesthetics of Disappearance, Paul Virilio traces out the relationship of biological optics to the technological "production of appearance." In the perceptual gaps demanding illusions of continuity, Virilio posits a hyper-opportunity for the production of art in speed. Jumping from Old Testament parable to the history of contemporary cinema, to the history of philosophy and contemporary technology,

The Aesthetics of Disappearance by Paul Virilio - PopMatters

Virilio, The Aesthetics of Disappearance, annotation by Adam Weg. Paul Virilio's treatise The Aesthetics of Disappearance -- more virtuosic meditation than traditional scholarship -- considers the motivations and repercussions of a contemporary society fascinated by speed. Speed, or velocity, is understood literally as space (distance) mapped against time (duration), reaching its absolute limit in light, which collapses both space and time.
