The Prince is not particularly theoretical or abstract; its prose is simple and its logic straightforward. These traits underscore Machiavelli's desire to provide practical, easily understandable advice. The first two chapters describe the book's scope. The Prince is concerned with autocratic regimes, not with republican regimes. The first ...

**The Prince: Overview | SparkNotes**

The Prince (Italian: Il Principe [il iˈprɪntʃipe]; Latin: De Principatibus) is a 16th-century political treatise written by the Italian diplomat and political theorist Niccolò Machiavelli as an instruction guide for new princes and royals. The general theme of The Prince is of accepting that the aims of princes — such as glory and survival — can justify the use of immoral means to ...

Coming from all quarters of the world, including France, England, Germany, Denmark and Romania, the stories provide rich insight into the lives and cultures of different peoples. Narrated in clear, lively and easy to understand language, the tales are enriched with beautiful illustrations.

#1 NEW YORK TIMES BESTSELLER | The brilliant coming-of-age-and-into-superstardom story of one of the greatest artists of all time, in his own words/featuring never-before-seen photos, original scrapbooks and lyric sheets, and the exquisite memoir he began writing before his tragic death
**NAMED ONE OF THE BEST MUSIC BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND THE GUARDIAN | NOMINATED FOR THE NAACP IMAGE AWARD**
Prince was a musical genius, one of the most beloved, accomplished, and acclaimed musicians of our time. He was a startlingly original visionary with an imagination deep enough to whip up whole worlds, from the sexy, gritty funk paradise of 'Uptown' to the mythical landscape of Purple Rain to the psychedelia of 'Paisley Park.' But his most ambitious creative act was turning Prince Rogers Nelson, born in Minnesota, into Prince, one of the greatest pop stars of any era. The Beautiful Ones is the story of how Prince became Prince:a first-person account of a kid absorbing the world around him and then creating a persona, an artistic vision, and a life, before the hits and fame that would come to define him. The book is told in four parts. The first is the memoir Prince was writing before his tragic death, pages that bring us into his childhood world through his own lyrical prose. The second part takes us through Prince's early years as a musician, before his first album was released, via an evocative scrapbook of writing and photos. The third section shows us Prince's evolution through candid images that go up to the cusp of his greatest achievement, which we see in the book's fourth section: his original handwritten treatment for Purple Rain,the final stage in Prince's self-creation, where he retells the autobiography of the first three parts as a heroic journey. The book is framed by editor Dan Piepenbring's riveting and moving introduction about his profound collaboration with Prince in his final months:a time when Prince was thinking deeply about how to reveal more of himself and his ideas to the world, while retaining the mystery and mystique he'd so carefully cultivated;and annotations that provide context to the book's images. This work is not just a tribute to an icon, but an original and energizing literary work in its own right, full of Prince's ideas and vision, his voice and image/his undying gift to the world.

PRINCE CHARLES: The Man Who Would Be King - A Prince Charles BiographyEdward VII waited for over 59 years to accede to the throne. Prince Charles passed that milestone as far back as 2011. Although he still waits to accede to the throne, his role within the royal family has grown as his mother's has receded with age. But it has been a long journey. Few heirs will have fallen and risen in the eyes of the public as much as our current Prince ofWales. This biography charts his life.

An 'unputdownable' biography of the future king of England with 'intriguing new details' about Kate and Diana by a #1 New York Times'bestselling author (Daily Beast). His face is recognized the world over, his story is well known. But what is Prince William really like? As Diana's eldest son, he was her confidant. While the tabloids eagerly lapped up the lurid details of his parents' divorce, William lived painfully through it, suffering the embarrassment, the humiliation, and divided loyalties. He watched his father denounced on prime time television; he met the lovers. And when he was just fifteen, his beautiful, loving mother was suddenly, shocking snatched from his life forever. The nation lost its princess and its grief threatened the very future of the monarchy. What was almost forgotten in the clamor was that two small boys had lost their mother. His childhood was a recipe for disaster, yet as he approaches his thirtieth birthday, William is as well-balanced and sane a man as you could ever hope to meet. He has an utter determination to do the right thing and to serve his country as his grandmother has so successfully done for the last sixty years. Who stopped him from going off the rails, turning his back on his duty and wanting nothing to do with the press?the people he blamed for his mother's death? Where did the qualities that have so entranced the world, and his new bride, Catherine, come from? In the last thirty years, Penny Junor has written extensively about his parents and the extended family into which he was born. With the trust built up over that time, she has been able to get closer to the answers than ever before.

The classic handbook of statecraft written four centuries ago by an Italian nobleman recommends guile and craftiness to attain and maintain political power.

**The Prince | Goodreads**

Determined to foil his grandmother's matchmaking attempts, Prince Aleksey Romanovin sets his sights on unsuitable Bronwyn Murdoch who, much to his chagrin, turns his game upside down as she sets out to prove that an ordinary woman can bring a prince to his knees. Original. 250,000 first printing.

The Prince Here is the world's most famous master plan for seizing and holding power. Astonishing in its candor, The Prince even today remains a disturbingly realistic and prophetic work on what it takes to be a prince...a king...a president. When, in 1512, Machiavelli was removed from his post in his beloved Florence, he resolved to set down a treatise on leadership that was practical, not idealistic. The prince he envisioned would be unencumbered by ordinary ethical and moral values; his prince would be man and beast, fox and lion. Today this small sixteenth-century masterpiece has become essential reading for every student of government and is the ultimate book on power politics. This Bantam Classic edition of The Prince includes selections from Machiavelli's Discourses as well as an introduction and notes by the translator, Daniel Donno.
