The Perfin Society's New Illustrated Catalogue of Great British Perfins is being issued (unbound) a letter at a time, as there are thought to be well over 20,000 GB perfins. Thankfully only about 50 are known on Telegraph stamps. This is a list of scans that I have: You can lengthen or shorten the table with the arrows.

The introduction reads: "This catalogue illustrates all the perfins known by the compilers to have been used on the stamps of Great Britain. It includes perfins seen on postage, revenue and telegraph stamps and those known used to cancel revenue stamps affixed to documents." The catalogue is illustrated alphabetically from "A" to "Z" and "number"

This is an interesting collection. This is a "Catalog of United States Perfins 1979. It is in a different notebook but all the pages are included and I will ship in the notebook my Uncle had his collection in. Pictures 2 and 3 are of approx 126 loose perfin stamps. Some of these are foreign stamps and some were doubled up and I didn't take them out of the holders.

If the watermark is described as GR over crown and has a IBM perfin, then that's how they look when viewing the front of the stamp! When viewed from the back of the same stamp it will be a backwards RG over crown and MBI. Every SG catalogue I've ever looked at describes stamps this way - it IS the way Philatelists view watermarks - from the front.
