Transitions In The Early Years

Transitions are an inevitable part in every child's journey. Many papers, articles and books have been written on the subject, some of which we share here. Start from the child. Early Education supports a child-centred approach which meets the needs of every child.

time, moving to another one, starting school or moving into a new class are seen by many people as a normal part of the lives of children. Yet transitions are milestone events for children and have a definite effect on their development.

Transitions - Early Years Matters

Transitions in Early Years. Transitions in early years can be daunting for even the most confident of children. In a new setting or new classroom, there will often be a range of previous experiences: some children may have been at home with parents, some with childminders, others may have attended a nursery or preschool.

involved with the child to plan for the separation in order to reassure and support... Spend quality time with the child and allow them to freely talk about what is happening to them and ...

Different Types of Transitions in Child Development

It seems ironic then, that there is potential for more transitions as children move through the Early Years Foundation Stage (EYFS) than in any other stage of the education system. A child may move from home to a childminder, onto a playgroup, then into nursery and finally into school all before they reach their fifth birthday.
