This text is an analysis of modern bujutsu and budo.

"Jodo Notebook" is a fully illustrated manual of the Basic techniques (Kihon) of Shindo Muso Ryu (SMR) and the Zen Nippon Kendo Renmei (ZNKR),and the 12 Kata of Seitei Jodo. It is an invaluable supplement to Jodo

training to make learning easier and faster as well. Jodo (Japanese stick fighting) is taught either in Shindo Muso Ryu, or in the Zen Nippon Kendo Renmei under the name Seitei Jodo. Both systems share the same Basics (12 Kihon). The differences are in the Kata (12 in Seitei Jodo, and 64 in SMR), and the training with other weapons arts besides the Jo and the Sword (Tachi) in Shindo Muso Ryu (in the 64 SMR Kata). The ZNKR Jodo organization is by far the largest international Jodo organization. Very few books are available on Jodo. Jodo is taught worldwide, but newer literature in English is hard to get. Most of the literature is in Japanese. The Notebook is made to fill this gap in literature. The author is co-writer with George W. Alexander of The Dictionary of Japanese Martial Arts, and illustrator of The Way of White Crane Karate, both from Yamazato Productions.

This comprehensive guide to Kendo features easy-to-follow line drawings to demonstrate techniques, basic information on equipment and lists of official rules and clubs. The book is aimed at beginners and experts alike.

To become an expert swordsman, one must pay close attention to detail, be highly self-critical, and practice diligently every day under the guidance of a good teacher. Unfortunately, contact time with a worthy mentor is limited for most. Practice Drills for Japanese Swordsmanship fills this obvious gap in the training of the modern swordsman by providing bokuto (wooden sword) drills to supplement the formal class activity of forms practice. Both single and two-person drills are presented, some common to iaido and kenjutsu, others extracted from iaido forms by the author and used to teach his own students the proper ways of drawing, parrying, and cutting. Each drill is illustrated with step-by-step drawings to help students hone their techniques; together they provide a comprehensive system of general skills development for anyone interested in using the Japanese sword.

Iaido is the classical Japanese discipline of drawing and cutting with the long sword in defence of an unanticipated attack, throwing off the blood and returning the sword to its sheath. It is the direct inheritor of techniques perfected by centuries of samurai whose life and honour depended upon their spirit and prowess. Author Richard W Babin brings together all the practical and theoretical information needed to pursue a formal study of the classical Japanese martial art of Iaido. You will learn how to choose a sword, how to cut with it, how to take care of it, how to assume the clothing and how to enter a dojo. He covers not only the basic moves and positions, but the entire curriculum of forms of the muso shinden ryu of iaido. Equally important, he puts the art in its historic and social perspective, helping to clarify for the reader the spiritual pathway that the way of the sword offers.

Modern forms of budo, or martial ways practiced primarily for spiritual development, developed from established combat systems in response to social, political, historical and philosophical influences that occurred during the Edo Period (1615-1868). In classical budo, legendary martial artist Donn Draeger illuminates the history and evolution of these modern arts, including kendo, judo, kempo, kyudo, iaido, and jujutsu and puts them into historical perspective. This book includes fascinating artwork from classical sources and archival photos of budo arts masters in action.

Iaijutsu is the art of samurai swordsmanship in self-defence. Iaijutsu is distinguished from kenjutsu (the samurai sword employed in attack) by the fact that the practitioner begins each technique with the sword sheathed. This book refers to the art of iaijutsu in order to emphasize how Eishin-Ryu Iaijutsu is among the various schools of iaijutsu.

This book on strategy, tactics, and philosophy is often grouped with "The Art of War" by Sun Tzu, "On War" by Von Clausewitz and is still studied today. To learn a Japanese martial art is to learn Zen, and although you can't do so simply by reading a book, it sure does help--especially if that book is The Book of Five Rings. One of Japan's great samurai sword masters penned in decisive, unfaltering terms this certain path to victory, and like Sun Tzu's The Art of War it is applicable not only on the battlefield but also in all forms of competition. Always observant, creating confusion, striking at vulnerabilities--these are some of the basic principles. Going deeper, we find suki, the interval of vulnerability, of indecisiveness, of rest, the briefest but most vital moment to strike. In succinct detail, Miyamoto records ideal postures, blows, and psychological tactics to put the enemy off guard and open the way for attack. Most important of all is Miyamoto's concept of rhythm, how all things are in harmony, and that by working with the rhythm of a situation we can turn it to our advantage with little effort. But like Zen, this requires one task above all else, putting the book down and going out to practice.
